Flying Disc Ranch Mail Order Form for 2009 / 2010 Season

To order, just enter the amounts plus the shipping and send a check to Flying Disc Ranch. You can mix up your date varieties down to 1/4 increments. We harvest all the dates in the fall and usually have a good selection until early summer. Please keep your dates cool and dry. We store dates at 38 degrees. Dates are hardy, and will keep well under most conditions. Refrigeration is optional for the dry date varieties (zahidi, deglet noor, etc.) Secret gift-wrap option: Christina will gift-wrap and write a message for your recipient; just ask. Thank you for your order.
